1. The cost of additional trip components, e.g. pre and post tour stays, may be included.
2. Travel insurance is non-transferable and valid for each applicant only.
3. For traveling companions not from the same household, the travel insurance premium does not cover any single supplement charges that arise from the tour cancellation of either traveling companion prior to departure. In this case, the single supplement will be deducted from the refund of the person who cancels. Division of this charge between the two passengers involved is solely their responsibility. If insufficient funds are deducted from the canceling client, the traveling client will be charged the remaining portion of the single supplement.
